

## March 2018, 'Point in Time' Analysis

### 1. Introduction

The Strategic Plan 2017-2020 and the Communications and Engagement Strategy 2017-2020 of Oberstown Children Detention Campus contain a commitment to collate and analyse good quality data to support the quality of care provided to young people. Following on from the publication of a detailed Q1 snapshot of the circumstances of young people, and continuing our commitment to publish timely and relevant statistics on young people in detention, a 'point-in-time' statistical report will now be published on a monthly basis.

The data captured here reflects a snapshot of young people in Oberstown on a given day each month. The bulletin provides an overview of the population in terms of offending, background, health and well-being, education and care.

### 2. Overview of population

There were 52 young people - 48 were male and 4 were female - in detention on the date in question in March 2018.

---

<sup>1</sup> This covers all forms of care as outlined in the *Child Care Act, 1991*, namely voluntary, foster, residential, special care or emergency care

<sup>2</sup> Care placements may not always have been active immediately prior to detention.

In some cases, the young people in question had multiple placements over a number of years, while in others young people were under long-term full care orders. Others still had just recently come to the attention of the care services.

<sup>3</sup> Special Care is short term, stabilising and safe care in a secured therapeutic environment. A placement in Special Care can only be made pursuant to an Order of the High Court.

<sup>4</sup> Child protection concerns refers to young people who are at risk of abuse/neglect. See Tusla, <http://www.tusla.ie/services/child-protection-welfare/>.

<sup>5</sup> A GAL is a court appointed representative who advocates for a young person during court proceedings.
